18-pair compatibility matrix

`PASS_WITH_SHARED_ADAPTER`: the official code supports the dataset; only the frozen canonical data and splits are fed through a documented adapter. `ADAPTED (documented)`: the official code has no entry for the dataset; the decision is recorded in audit/DEVIATIONS.md section B. No pair is UNSUPPORTED.

Execution evidence column: local CPU smoke (2 epochs). Smoke runs are feasibility tests, not results.

Model	Dataset	Official support	Status	Adapter	Smoke	Smoke detail
SAGAD	yelpchi	native (GADBench 'yelp')	PASS_WITH_SHARED_ADAPTER	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (dataset block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 23s on cpu (full graph)
SAGAD	amazon	native	PASS_WITH_SHARED_ADAPTER	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (dataset block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 26s on cpu (full graph)
SAGAD	tfinance	native	PASS_WITH_SHARED_ADAPTER	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (dataset block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 128s on cpu (full graph)
SAGAD	elliptic	native	PASS_WITH_SHARED_ADAPTER	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (dataset block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 11s on cpu (full graph)
SAGAD	fdcompcn	not in official config	ADAPTED (documented)	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (default block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 6s on cpu (full graph)
SAGAD	tsocial	native (official MRQ impractical)	PASS_WITH_SHARED_ADAPTER	canonical union view -> load_data graph ops; official semi_train.conf.yaml values (dataset block); exact vectorised MRQ	COMPLETE	reload check passed; 2 epochs; 54s on cpu (300,000-node induced subgraph (smoke only))
SpaceGNN	yelpchi	native (GADBench 'yelp')	PASS_WITH_SHARED_ADAPTER	canonical union view + self-loops; feature_i propagation; PARAMETERS / Table 4 values	COMPLETE	reload check passed; 2 epochs; 126s on cpu (full graph)
SpaceGNN	amazon	native	PASS_WITH_SHARED_ADAPTER	canonical union view + self-loops; feature_i propagation; PARAMETERS / Table 4 values	COMPLETE	reload check passed; 2 epochs; 969s on cpu (full graph)
SpaceGNN	tfinance	native	PASS_WITH_SHARED_ADAPTER	canonical union view + self-loops; feature_i propagation; PARAMETERS / Table 4 values	COMPLETE	reload check passed; 2 epochs; 265s on cpu (8,000-node induced subgraph (smoke only))
SpaceGNN	elliptic	unsupported (crash: stdneg undefined)	ADAPTED (documented)	canonical union view + self-loops; feature_i propagation; argparse defaults + std 0.015 (B3)	COMPLETE	reload check passed; 2 epochs; 313s on cpu (full graph)
SpaceGNN	fdcompcn	unsupported (crash: stdneg undefined)	ADAPTED (documented)	canonical union view + self-loops; feature_i propagation; argparse defaults + std 0.015 (B3)	COMPLETE	reload check passed; 2 epochs; 34s on cpu (full graph)
SpaceGNN	tsocial	native	PASS_WITH_SHARED_ADAPTER	canonical union view + self-loops; feature_i propagation; PARAMETERS / Table 4 values	COMPLETE	reload check passed; 2 epochs; 3150s on cpu (300,000-node induced subgraph (smoke only))
CRoC	yelpchi	native	PASS_WITH_SHARED_ADAPTER	relational branch: one-hot relation types, min-max features, base model	COMPLETE	reload check passed; 2 epochs; 79s on cpu (full graph)
CRoC	amazon	native	PASS_WITH_SHARED_ADAPTER	relational branch: one-hot relation types, min-max features, base model	COMPLETE	reload check passed; 2 epochs; 281s on cpu (full graph)
CRoC	tfinance	native ('tfin')	PASS_WITH_SHARED_ADAPTER	single-relation branch: constant type, z-score features, _Large model	COMPLETE	reload check passed; 2 epochs; 2670s on cpu (full graph)
CRoC	elliptic	unsupported (NotImplementedError)	ADAPTED (documented)	single-relation branch: constant type, z-score features, _Large model (B5/B6)	COMPLETE	reload check passed; 2 epochs; 24s on cpu (full graph)

Model	Dataset	Official support	Status	Adapter	Smoke	Smoke detail
CRoC	fdcompcn	unsupported (NotImplementedError)	ADAPTED (documented)	relational branch: one-hot relation types, min-max features, base model (3 semantic relations; stored union 'homo' excluded, B8)	COMPLETE	reload check passed; 2 epochs; 7s on cpu (full graph)
CRoC	tsocial	native ('tsoc')	PASS_WITH_SHARED_ADAPTER	single-relation branch: constant type, z-score features, _Large model	COMPLETE	reload check passed; 2 epochs; 67s on cpu (300,000-node induced subgraph (smoke only))
